PROFESSIONAL EXPERIENCE

Frontend Developer

GENRAOR | Feb 2023 - 31 july, 2024

- **Sonder Website:** Sonder is a hospitality company that provides an alternative to traditional hotels by offering apartment-style accommodations. These spaces are designed to combine the convenience and services of a hotel with the comfort and space of an apartment. Sonder operates in various cities, offering short-term rentals that are fully furnished and equipped with modern amenities.

- **SAFIR Website:** SAFIR is a platform that operates within the realm of relational marketing, providing users with access to innovative and high-value products across various sectors, including blockchain, healthcare, and environmental protection. It serves as a gateway for individuals to join and explore opportunities that align with their financial and lifestyle goals

- **Sonos Website:** Sonos offers a variety of products, including portable speakers like the Sonos Roam and Sonos Move, as well as home audio systems such as the Sonos One, Sonos Five, and Sonos Beam. Their wireless audio systems allow you to play music throughout your home without needing wires. Sonos speakers come with smart features like voice control via Alexa and Google Assistant, and can be managed through the Sonos app. You can set up the system to play music in multiple rooms, and it integrates with music streaming services like Spotify, Apple Music, and Amazon Music.

Frontend Developer

! Dot Digital | Aug 2022 - feb 2023

- **Vice:** The company operates several digital platforms, including VICE News, Motherboard (tech), Noisey (music), Munchies (food), and more, catering to various interests. VICE Media has also ventured into film and television production, partnering with networks like HBO and creating original content. As of 2024, VICE Media continues to influence media and journalism, despite facing financial challenges and restructuring efforts, including layoffs and scaling back operations
